

CONFIDENTIAL

DCI/IC 74-0919

18 January 1974

MEMORANDUM FOR: General Graham

SUBJECT: Legislative Notes

1. The attachment is the first of a series of aperiodic reports called "Legislative Notes." Items will be drawn from as many sources as possible. The purpose will be to keep the IC Staff aware of what its forthcoming obligations to the Congress may be, and to highlight potential problems in the legislative arena.

2. The "Notes" would be most useful if each of the Chiefs would refer to the Coordination Staff the dates of any prospective Congressional briefings which they know about and other Congressional obligations which come to them from outside the IC Staff structure. It would also be useful to include retrospective information, so that if there is not time to get an item in the "Notes" before it happens, we can at least keep a record of the type and timing of all IC contact with the Congress.

3. Action Officer is  and items for inclusion should be referred to him directly.

Rear Admiral, USN
Chief, Coordination Staff
